Audrey Denney Statement on Passage of Prop 50

CHICO, CA — Today, Audrey Denney, educator, non-profit leader, and candidate for California's 1st Congressional District, released the following statement following Prop 50's passage by California voters:

"Today, Californians have sent a strong message to Donald Trump and Washington Republicans: We will not stand by while you try to rig elections and continue your dangerous agenda of ripping away health care, raising costs, and undermining our democracy. This people-powered movement, fighting back and standing up for what we believe in, won today. But the work doesn't stop here. This is just the beginning.

Northern Californians now have an opportunity to send a representative to Congress who will actually serve them, not special interests in Washington. Doug LaMalfa has spent decades in Congress doing nothing but towing the party line and prioritizing corporations and billionaires over farmers, teachers, firefighters, and working families in the 1st District. I'm running for Congress to change that – so every Californian feels they have a voice in our government, so the American Dream actually works for people again. Over the next year, I'm going to continue traveling to every corner of the district, meeting with voters from Susanville to Santa Rosa, Loyalton to Lakeport, building our grassroots campaign focused on real people and the future they deserve. Let's get to work!"
